

# JUNE 2011 SSCE Net-letter

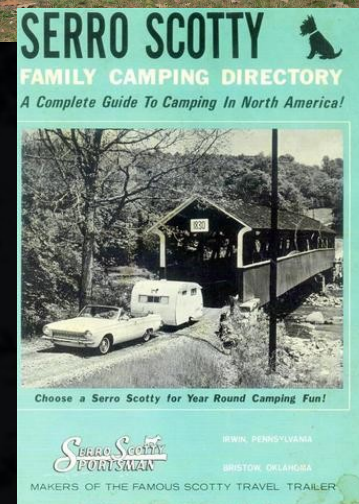

With all the wet weather this spring, many of our campers got a testing on how water tight they were. Please remember to use approved sealants and NOT silicone caulking to protect your campers. See our reference site for helpful tips on camper maintenance.

REMEMBER... that the SSCE 2011 National Gathering will be held at the Mt. Kenyon Campground in Lake Luzerne, NY. The dates of the National will be June 22<sup>nd</sup> through June 26th.

Check out the web site at : <http://www.mtkenyon.com/>

Cost for each night will be \$30.00 and the registration fee is \$15.00. We have many events planned and a group pot luck will also be held. As someone very special once said.... IT IS ALL ABOUT THE CAMPING!!!!

Welcome to all the new members who joined in May 2011. Please feel free to ask questions, post pics and join us at our campouts to learn more about these great little vintage campers.

**THINK SPRING!!**

# JUNE 2011 SSCE Net-letter

During the month of May members posted questions about awning attachment options, window curtains and hanging techniques, spare tire storage and mounting locations, painting inside and out, hubs and seals and older bathroom/plumbing tips.

Remember to update the site with any vintage trailer gathering plans this season as well as ratings on how campgrounds treated you so that we can keep a record for future reference. This is a great way to spread news to others about how well or not-so-well campgrounds treated club members.

# Vintage Camper ads

The scenery is rugged on Poudre Canyon drive, but the road is of good blacktop and the unusually easy grades permit pulling a trailer with ease.

## Krueger Offers Expandable Camping Trailer For \$695

A COMPACT camping trailer which can be expanded to twice its size in just two minutes has been developed by Krueger Products Inc., Owosso, Michigan, as a boon to vacationists, hunters, fishermen, and week-end nature-lovers generally.

has an 8-foot long, 4-foot wide body which telescopes out to an 8-foot width to sleep four adults comfortably and provide ample space for cooking and eating. The exterior is rigid aluminum with a self-storing door and a full-view picture window
