The SSCE would like to thank Nancy Kroes for inviting the New England chapter to attend her camp-out at Willey Brook Campground, Wolfeboro, NH. Our members got to meet and see some great people and campers!!

The SSCE 2011 National Rally has not yet been formalized but discussion with the New England chapter is underway to host this years event. Details to follow shortly....

Welcome to the 20 new members who joined the SSCE in September.

Remember to start planning your winter storage prep for your vintage camper. Check out the resource area for helpful tips!!!

On a personal note, I would also like to thank all those people working behind the scenes to help organize and plan local camp-outs, the web site and the posting of informative information regarding our vintage campers. Keep up the good work!!!! You are all a great group of people that I am proud to call friends.

how about a little luxury for \$975*?*

Either way, when you buy a Serro Scotty you're getting, foot for foot, the biggest dollar's worth on the market. So if you want a quality built trailer without blowing your life savings, look into a Scotty.

You'll cut travel costs, too! Both the Scotty 15 Hi-Lander and the Scotty 13 have the lowest hitch weight and lowest total weight of anything their size on the market. You probably won't need a special tow kit for your car; you won't strain your engine and your gas mileage will be a lot healthier.
